Karachi: The signing of the Memorandum of Understanding (MoU) between SEF (Sindh Education Foundation) and TTWF (Teach the World Foundation) for the establishment of the Micro School project under SEF's Digital Learning Program, is aimed at addressing Sindh's Out-Of-School children through digital innovation, took place on August 8, 2023.

Mr. Shafiq, President/Founder and Ms. Uzma, Executive Vice president from TTWF, Honorable Managing Director SEF, Mr. Abdul Kabir Kazi, DMD Operations Ms. Sadaf Anees, DMD Support Services, Mr. Naeem Anwar, and program team members of Digital Learning Program from SEF were present at the MoU signing event organized at the Head Office of Sindh Education Foundation-GoS.

Through private partnerships and other creative programs, the Sindh Education Foundation has been working for over thirty years to promote high-quality education throughout Sindh's underprivileged districts.

TTWF, a leader in digital learning, is committed to improve literacy and numeracy in poor communities and facilitate access to education through smart digital technology.

It is pertinent to note that DLP is an approved program by the BoG, SEF to establish 125 micro-schools for OOSC aged seven years and above, who have missed out on previous educational opportunities or dropped out before completing primary education.

The learning module at each Micro school will be spearheaded by a facilitator trained by expert trainers of TTWF. The collaboration between SEF and TTWF, with the endorsement of the Chief Minister of Sindh, holds immense potential to transform education in the province.

By leveraging digital technology, self-learning methodologies, gamified learning, and adaptive learning techniques, the initiative aims to create an engaging and effective learning environment.

During the signing ceremony the Honorable Managing Director-SEF Mr. Abdul Kabir Kazi highlighted existing partnerships and programs initiated by SEF and other partners in the field of education. By embracing technology and adopting innovative learning methods, these initiatives aim to close the gap in access to quality education and improve learning outcomes.
